

Growing Forward 2: Growing Forward 2

On-Farm Energy Management

Please join the Sustainable Agriculture Program for a free information session on on-farm energy management.

Energy Extension Specialists will present general information on the GF2 On-Farm Energy Program and highlight program projects like:

- No energy winter watering systems and retro-fit low energy outdoor watering fountains
- Submeters to track energy use on specific loads
- Energy audits
- Energy efficient lighting

Where: Telford Hall
(48142 – Range Road 262, Leduc County)

When: Wednesday, Nov. 29 from 1–4 p.m.

Please pre-register for planning purposes.

Contact Kim at **780-387-6182** or **kimb@leduc-county.com** or **kbarkwell@county.wetaskiwin.ab.ca** to register.

Please note: some equipment is funded under these programs. The following suppliers plan to attend and highlight their products:

Frostfree Nosepumps
