County Open House Success

As part of its citizen engagement strategy, Council hosts two Open House events each year. The first is held in the spring at the County Administration and Shop buildings and the second is held in the summer in the Hamlet of Buck Lake.

For 2018 approximately 700 people attended the two events. Attendees viewed displays, talked with Council and staff representatives, and enjoyed a delicious barbecue.

If you would like to attend the 2019 Open House events please watch for dates advertised in the County pages of the Pipestone Flyer Newspaper, this website or the Spring Newsletter.
