

# Crop health, pests and production strategies

Join us to hear expert updates on canola and cereal diseases, as well as key pests to watch for while scouting this season. We'll also provide a county-level situational review of clubroot. Finally, discover more about beneficial insects and the local ALUS program.

- ▶ Date: Wednesday, March 18
- ▶ Time: 1 to 4 p.m.
- ▶ Cost: free
- ▶ Location: Glen Park Hall (49004 Range Road 274)
