

Create a no-till garden

Learn to convert your conventional garden to a no-till system!

Join the Beaumont & District Agricultural Society and Leduc County Agricultural Services for their “**Create a No-Till Garden**” workshop. Master Gardener Kim Ross will present on aspects of soil health, the benefits of a no-till garden, followed by a hands-on demonstration. Be ready to get your hands dirty!

Why no-till? No-till is a sustainable practice that conserves water, reduces annual weed pressure, eliminates the need for chemical inputs and improves soil health.
