Logging into Catalis GIS

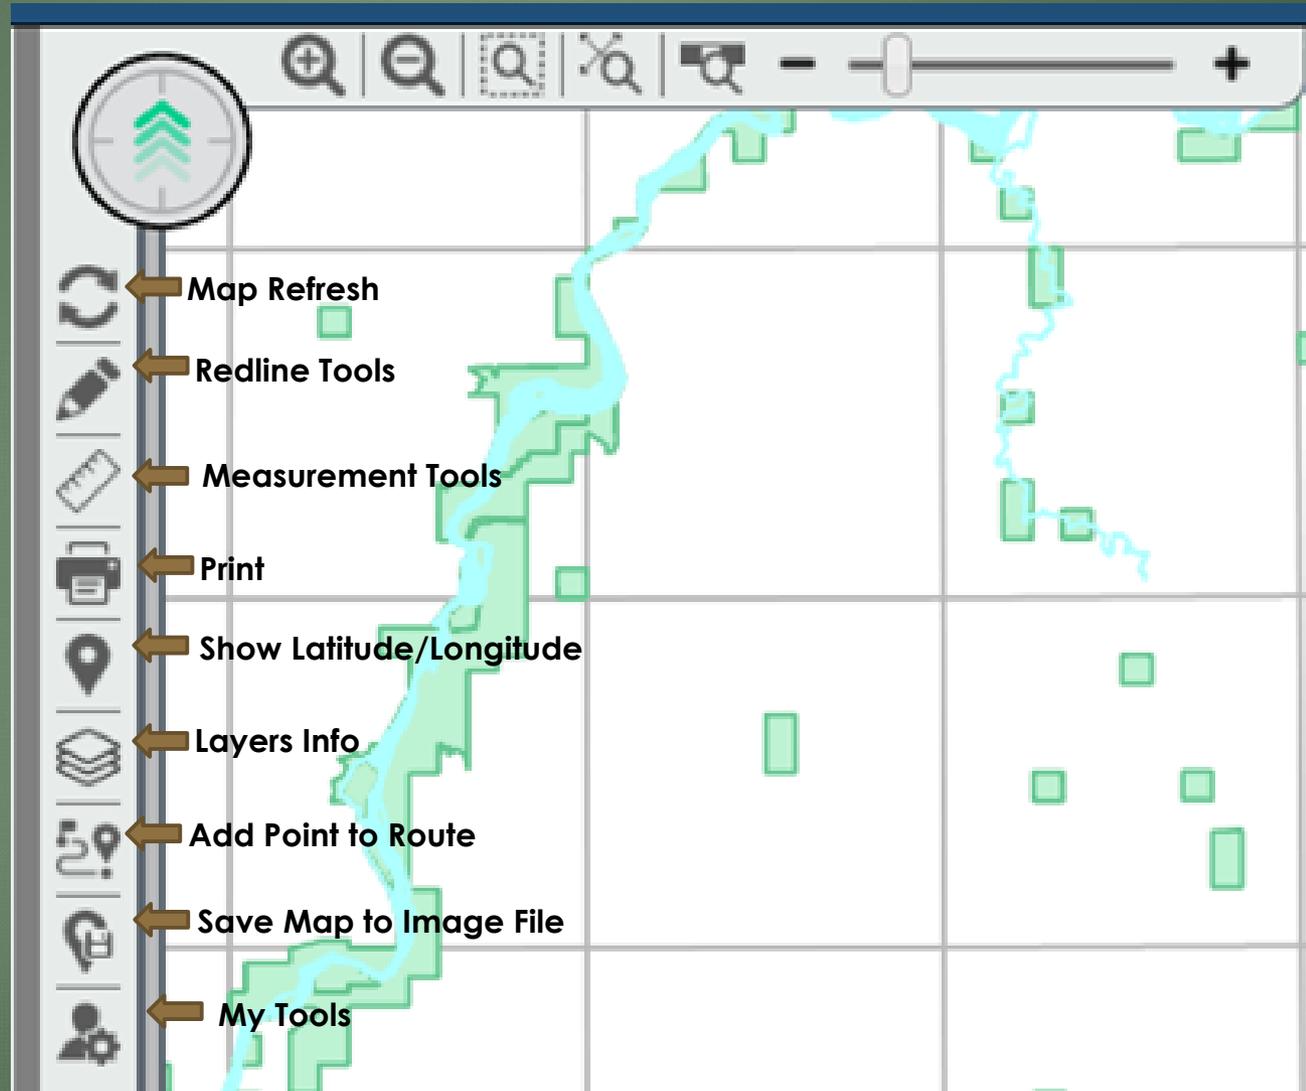

3

- ▶ <https://app.munisight.com/CountyofWetaskiwin>

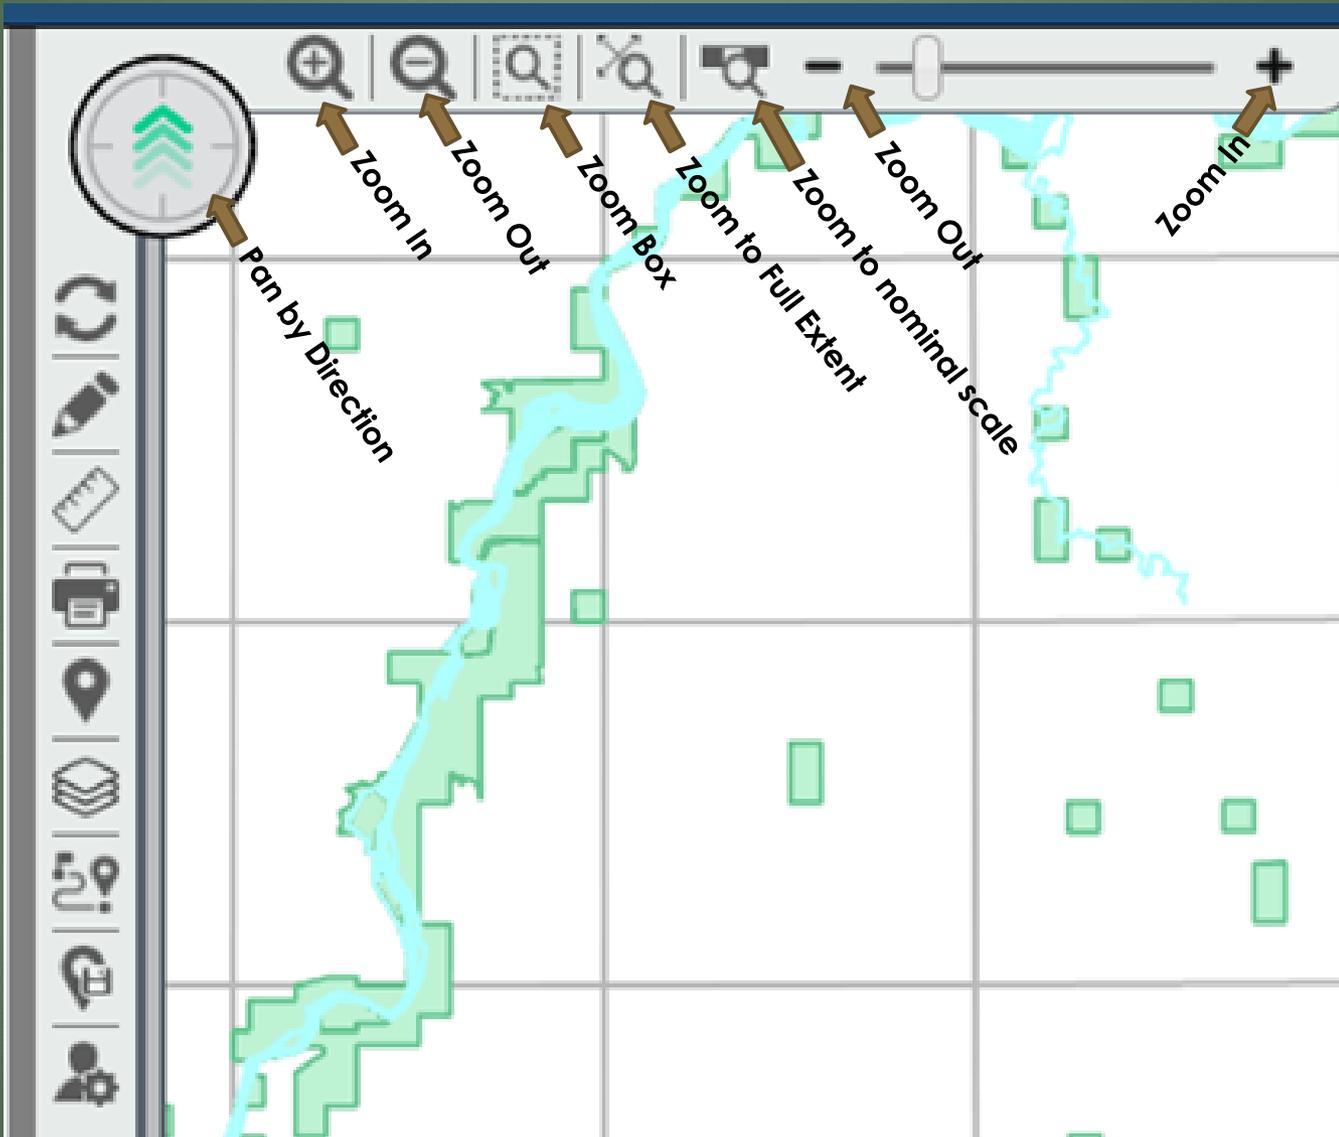

The screenshot shows the login interface for the County of Wetaskiwin. At the top, the text "COUNTY OF WETASKIWIN" is displayed in blue. Below this, on the left, is the County of Wetaskiwin logo, which is a shield divided into four quadrants: top-left shows a yellow grain bin, top-right shows a red barn, bottom-left shows green trees, and bottom-right shows an oil pumpjack. A central blue circle with white lightning bolts is overlaid on the shield. A brown arrow points from the logo towards the login options. To the right of the arrow are two blue buttons: "Guest" and "Registered User", separated by a vertical line with the word "or" in the middle. At the bottom right, the text "Powered by CATALIS" is shown with the Catalis logo, which consists of three green upward-pointing chevrons.

Map Tools

Map Zoom/Pan Tools

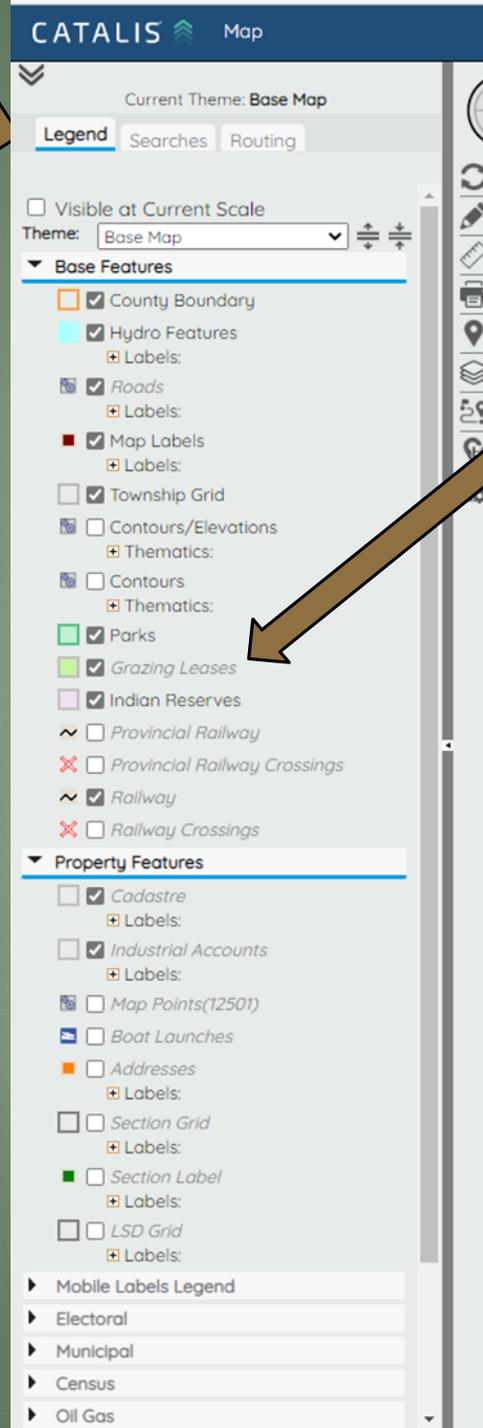

5

By default, the Legend Tab is selected. This is where you will turn on and off the layers that you would like visible on the map.

For Example:
Owner Names,
Road Names, Legal
Land Descriptions,
Speed Limit, etc.

Once layers are turned on, they will stay on even after you exit the map. The next time you log in the layers will be the same as the last time you logged in.

6

If a feature is “grayed” out that means it will not show at the current scale (see bottom right of screen for what your current scale is at) (hovering over feature will tell you what scale you need to be at)

Visible on Scales From 1:1.00 to 1:200,000.00

Legend Tab

Legend Tab (Thematic)

7

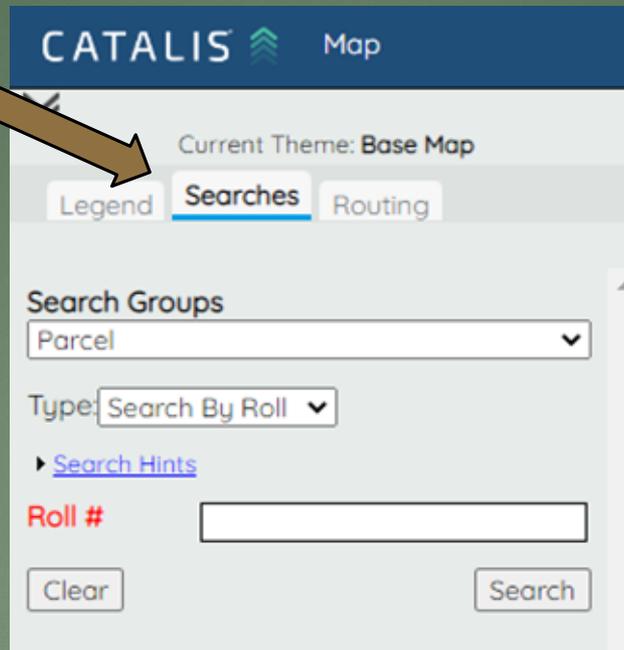

You can manipulate what is shown on map by clicking on the thematic beside each feature. For example: Transportation...you can choose what Speed Zones you would like to see shown on map (only 50 km/hr, etc)

The screenshot displays the CATALIS Map interface. On the left, the Legend panel is active, showing a list of features under the 'Transportation' category. The 'Speed Limits' feature is selected, and its thematic options are visible. On the right, the Thematic Manager dialog box is open, showing the 'Speed Limits' configuration. The 'Visible Scale (1:1 to 1:150000)' section is expanded, and the 'Speed' thematic is checked. The speed zones are listed as follows:

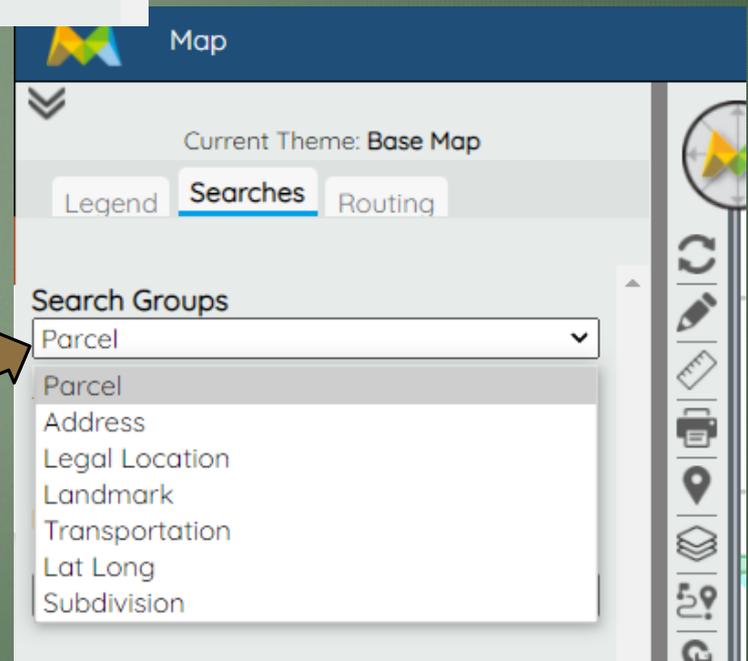

Speed Zone	Checked
15	<input checked="" type="checkbox"/>
20	<input checked="" type="checkbox"/>
30	<input checked="" type="checkbox"/>
40	<input checked="" type="checkbox"/>
50	<input checked="" type="checkbox"/>
60	<input checked="" type="checkbox"/>
70	<input checked="" type="checkbox"/>
80	<input checked="" type="checkbox"/>
100	<input checked="" type="checkbox"/>
110	<input checked="" type="checkbox"/>

The dialog box also includes 'OK', 'Apply', and 'Cancel' buttons. The background map shows a grid and various features, including 'Alder Flats'.

To search for roll #, legal land description, rural address, etc. click on the **Searches Tab**.

Click on the **Search Group Dropdown** and pick what you want to search by.

Searches Tab

Long Legal Land Search

Default Legal
search is Long Legal

Drop down each section to
pick number:

Example: NW-11-45-23-4

Meridian = 4

Range = 23

Township = 45

Section = 11

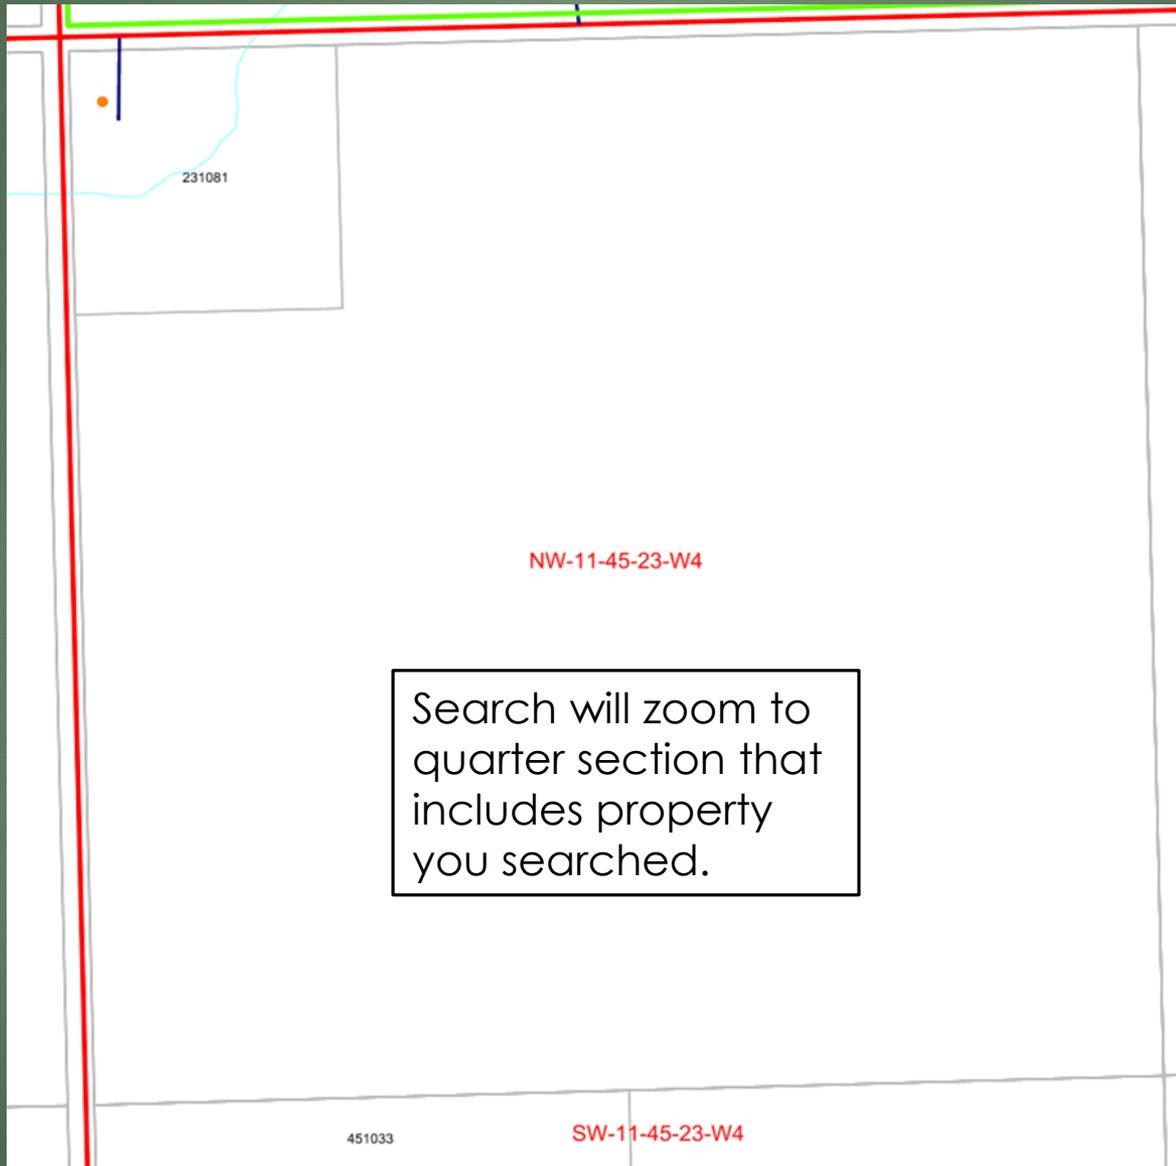

Part Section or LSD = NW

Then click Search

The screenshot shows the CATALIS Map interface. At the top, it says "CATALIS" and "Map". Below that, it indicates "Current Theme: Base Map". There are three tabs: "Legend", "Searches" (which is selected), and "Routing". Under the "Searches" tab, there is a "Search Groups" dropdown menu currently set to "Legal Location". A dropdown menu is open for the "Type" field, showing three options: "Search for Long Legal" (which is highlighted in blue), "Search for Long Legal", and "Search for Short Legal". Below the "Type" dropdown, there are several other dropdown menus: "Meridian" (set to "- None -"), "Range", "Township", "Section", and "Part Section". At the bottom of the form, there are two buttons: "Clear" and "Search".

Clear Search

Subdivision Search

Drop down and pick Subdivision & click search

All parcels within Subdivision will be outlined in green. Double click on property for details.

1. Drop down and pick Transportation

The screenshot shows a map application interface with a search panel on the left. The search panel has tabs for 'Legend', 'Searches', and 'Routing'. The 'Searches' tab is active. Under 'Search Groups', a dropdown menu is set to 'Transportation'. Below that, the 'Type' is set to 'Intersection Search'. The 'Road Name' dropdown is currently set to '- None -'. A list of road names is displayed below, including 'RGE RD 265 - COUNTY OF WETASKIWIN' through 'RGE RD 34 - COUNTY OF WETASKIWIN'. A 'Clear' button is at the bottom left of the list. Three callout boxes with arrows point to specific elements: the first points to the 'Searches' tab, the second points to the 'Transportation' dropdown, and the third points to the road name list.

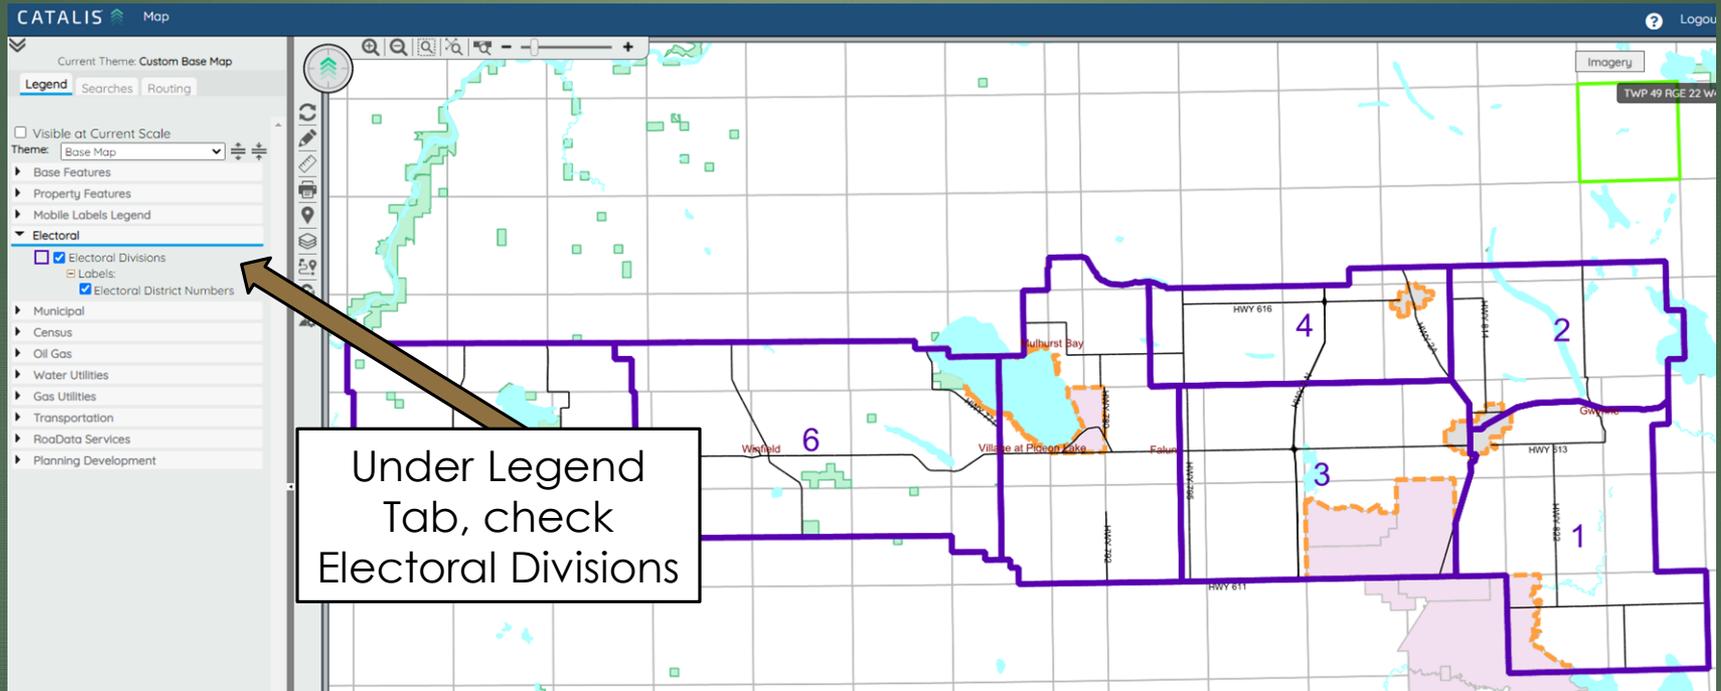

2. Pick Type of search
Find Road
Or
Find Intersection

3. Find Intersection

- Pick 1st Road
- Then pick 2nd Road
- Then click Search

ELECTION & DIVISION NAVIGATION

16

If you click on an election ward this information will display

The screenshot shows a web browser window displaying a table of electoral division information. The table has the following data:
