APPENDIX 3 – RULES OF ARBITRAL PROCEDURE

WHEREAS the City of Wetaskiwin and the County of Wetaskiwin No. 10 share a common border; and

WHEREAS the City of Wetaskiwin and the County of Wetaskiwin No. 10 share common interests and are desirous of working together to provide services to their residents; and

WHEREAS the Municipal Government Act stipulates that municipalities that have a common boundary must create an Intermunicipal Collaboration Framework with each other that identifies the services provided by each Partner, which services are best provided on an intermunicipal basis, and how services to be provided on an intermunicipal basis will be delivered and funded.

NOW THEREFORE, by mutual covenant of the Partners hereto it is agreed as follows:

A. DEFINITIONS

- 1) **Fairness**: the quality of each Partner treating the other in a manner that a reasonable person would consider right or equitable.
- 2) **City-County Intermunicipal Relations Committee (IRC)**: A committee of elected officials and supported by municipal administrations that is established jointly by the City of Wetaskiwin and the County of Wetaskiwin No. 10 to consider matters of intermunicipal interest and importance.
- 3) **Cost sharing formula**: The method by which allocation of costs for regional facilities, amenities, services, and programs is determined.
- 4) **Joint service review**: A review of regional service types and levels that is conducted from time to time to identify which facilities, amenities, services, and programs are of benefit to residents of the Partner municipalities.
- 5) **Partner**: one or both of the City of Wetaskiwin and the County of Wetaskiwin No. 10
- 6) **Regional**: Involving the Partners in this Intermunicipal Collaboration Framework.

B. TERM AND REVIEW

- 1) In accordance with the *Municipal Government Act*, this Intermunicipal Collaboration Framework shall come into force on final passing by both Partners of bylaws that contain the Framework and any associated appendices.
- 2) This Framework may be amended by mutual consent of both Partners unless specified otherwise in this Framework.
- 3) It is agreed by the Partners that the Intermunicipal Relations Committee shall review this Intermunicipal Collaboration Framework and its terms and conditions at least once every four years, commencing no later than 2024.

C. INTERMUNICIPAL COOPERATION

- 1) The Intermunicipal Relations Committee established under the City of Wetaskiwin and County of Wetaskiwin No. 10 Intermunicipal Development Plan is the forum for reviewing the Intermunicipal Collaboration Framework and agreements that are created under the authority of this Intermunicipal Collaboration Framework.

D. GENERAL TERMS

- 1) Both Partners agree to these principles of collaboration:
 - a. **Communication:** We will keep lines of communication open and provide reasonable notice of opinions and ideas.
 - b. **Cooperation:** We will work to the mutual benefit of the Partners and the residents, businesses, and organizations that exist in the Region.
 - c. **Partnership:** We will look for and act on opportunities that allow the Partners to realize benefits that are greater than a single municipality could create.
 - d. **Success:** We want each other, and therefore both Partners, to be successful, so we will put reasonable effort into collaboration.
 - e. **Sustainability:** Ideas that we implement will have long-term benefit in mind, helping both Partners achieve their respective visions.
 - f. **Teamwork:** We are colleagues representing people in the Region. We will work together for mutual benefit.
- 2) Both Partners agree the concept of Fairness is paramount in working together and in sharing facilities, amenities, programs and services to the mutual benefit of citizens of both Partner municipalities.
- 3) Both Partners agree that in consideration of the service agreements outlined in Section E(2) that residents of the Partners will be afforded the same services at the same costs, including user fees, as the County of Wetaskiwin No. 10 residents for services provided by City of Wetaskiwin and City of Wetaskiwin residents for services provided by the County of Wetaskiwin No. 10.

E. MUNICIPAL SERVICES

- 1) Both Partners have reviewed the services offered to residents. Based on the review it has been determined that each Partner will continue to provide all services to their residents independently with the exception of those which are part of an existing or future intermunicipal agreement.
- 2) The Partners have a history of working together to provide municipal services to residents on an intermunicipal basis, with the following services being subject to a limited cost sharing approach under the authority of this Intermunicipal Collaboration Framework at the time of the adoption of this agreement, and subject to revision from time to time:
 - a. Aquatics
 - b. Arenas
 - c. Cemeteries
 - d. Fire Services
 - e. Recycling
 - f. Water Supply

- 3) The relevant cost-sharing formulas and agreements will be negotiated, agreed-to, and revised from time to time by the Intermunicipal Relations Committee.
- 4) Changes to cost-sharing will take effect on January 1st of each year, unless otherwise negotiated by the Intermunicipal Relations Committee.
- 5) The Partners acknowledge that in addition to the shared service agreements in place between the Partners, they each have independent agreements with other regional partners.
- 6) The Partners have reviewed existing intermunicipal agreements and have determined that these are the most appropriate municipal services to be conducted in a shared manner.

F. FUTURE PROJECTS and AGREEMENTS

- 1) In the event that either Partner initiates the development of a new project and/or service that may require a new cost-sharing agreement, the initiating Partner's Chief Administrative Officer will notify the other Partner's Chief Administrative Officer in writing.
- 2) The initial notification will include a general description of the project, estimated costs and timing of expenditures. The other Partner will advise if they have objections in principle to provide funding to the project and provide reasons. An opportunity will be provided to discuss the project at the Intermunicipal Relations Committee.
- 3) The following criteria will be used when assessing the desirability of funding of new projects:
 - a. Relationship of the proposed capital project to Intermunicipal Development Plan, or any other regional long-term planning document prepared by the Partners;
 - b. The level of community support;
 - c. The nature of the project;
 - d. The demonstrated effort by volunteers to raise funds and obtain grants, if applicable;
 - e. The projected operating costs for new capital projects;
 - f. Municipal debt limit; and
 - g. Projected utilization by residents of both Partners.
- 4) Once either Partner has received written notice of new project, an Intermunicipal Relations Committee meeting must be held within thirty (30) calendar days of the date the written notice was received, unless both Chief Administrative Officers agree otherwise.
- 5) The Intermunicipal Relations Committee will be the forum used to discuss and review future mutual aid agreements and/or cost sharing agreements. In the event the Intermunicipal Relations Committee is unable to reach an agreement, the dispute shall be dealt with through the procedure outlined within Section J of this document.
- 6) Both Partners recognize that the decision to participate in or not participate in a project ultimately lies with the respective municipal Councils, who in turn must rely on the support of their electorate to support the project and any financial arrangements that could be required

G. COST SHARING

- 1) Both Partners desire simplicity in design of the cost-share formula so that future Councils and administrations can understand the rationale behind the process.
- 2) A joint service level review (or similar process) will be carried out at least every five years on shared facilities, amenities, programs and services. The implementation of the review will be implemented in a staggered way between 2021 and 2026 at the discretion of the Partners.
 - a. For the purposes of this Intermunicipal Collaboration Framework, the Partners agree to use levels of service as of 2019 as the baseline levels of service.
- 3) New capital amenities or facilities that may serve a shared purpose need to be negotiated on a case-by case basis to identify regional benefit (if any), and regional ownership and/or operation. The negotiation will take capital, amortization, depreciation, and operating costs into account.
 - a. The host Partner of a new amenity or facility may choose to exceed the agreed-upon capital budget of the new amenity or facility.
 - b. Where the cost of the new facility or amenity is exceeded by the Partner in which the new facility or amenity is built, the other Partner will only be responsible for a percentage split of the amenity or facility at an agreed upon cost.
 - c. Costs over and above the jointly agreed-upon budgeted amount will be the sole responsibility of the Partner that has chosen to increase the budget.
- 4) There will be a three-year sliding implementation of any cost-share increase or decrease if that share increase for one Partner represents more than a \$150,000 increase or decrease from the current amount. The cost share increase or decrease will be divided into three equal portions.
 - a. The three-year sliding implementation of cost-share increases or decreases can be altered with the mutual agreement of both Parties.
 - b. The difference between a capped \$150,000 share increase in payment and the full amount of the increase to cost-share payments that would otherwise have been paid ("shortfall") shall be added to subsequent years' cost-share payments such that the shortfall is paid by the end of the three-year sliding implementation period.
- 5) User numbers for cost shared areas will be the most current ones possible and will be no more than three years old.
- 6) User numbers will include all those users who reside in any of the noted municipalities. The proportion of users will be split between all the users based on the proportion of each municipality's residents who used that facility, amenity, program or service.
- 7) Cost sharing is based on a five-year rolling average of facility, amenity, program or service actual usage numbers.
 - a. During the implementation of this cost sharing process, both Partners acknowledge that five-years' worth of actual usage numbers may not be available. In such a case, the available number of years of usage number will be used until five years of numbers become available.

- 8) The Partners understand and acknowledge that cost sharing based on user numbers alone identifies those people who received a direct benefit from the facility, amenity or service, but ignores that the rest of the population receives an indirect benefit from the presence of that facility, amenity, program, or service in their region.

H. COST SHARING FORMULA

- 1) The Cost Sharing Formula is attached to this Agreement as Appendix 1.

I. REVIEW OF EXISTING, HISTORIC, AND POTENTIAL AGREEMENTS

- 1) Both Partners understand and acknowledge that the City of Wetaskiwin and the County of Wetaskiwin No. 10 have a series of agreements between the two municipalities. Some of these agreements are historic and have no current force and effect. The remainder of these agreements are still of interest to one or both Partners.
- 2) Under the authority of this Intermunicipal Collaboration Framework, the Partners agree to review and update, as necessary, current agreements between the two Partners.
- 3) The City-County Intermunicipal Relations Committee has the authority to review, revise and negotiate agreements listed under the authority of this Intermunicipal Collaboration Framework, subject to the approval of the Partners' municipal Councils.
- 4) The list of current agreements, historic agreements, and potential areas for agreement is attached to this Intermunicipal Collaboration Framework as Appendix 2.

J. DISPUTE RESOLUTION

- 1) The Partners are committed to resolving any disputes in a non-adversarial, informal, and cost-efficient manner.
- 2) The Partners shall make all reasonable efforts to resolve all disputes by negotiation and agree to provide, without prejudice, open and timely disclosure of relevant facts, information, and documents to facilitate negotiations.
- 3) In the event of a dispute, the Partners agree that they shall undertake a process to promote the resolution of the dispute in the following order:
 - a. negotiation;
 - b. mediation; and
 - c. binding arbitration.
- 4) If any dispute arises between the Partners regarding the interpretation, implementation or application of this Framework or any contravention or alleged contravention of this Framework, the dispute will be resolved through the binding Dispute Resolution Process outlined herein.
- 5) If the Dispute Resolution Process is invoked, the Partners shall continue to perform their obligations described in this Framework until such time as the Dispute Resolution Process is complete.

- 6) Despite Clause 4 above, where an existing intermunicipal agreement has a binding dispute resolution process included the process, the existing intermunicipal agreement shall be used instead of the dispute resolution outlined in this Framework.
- 7) A Partner shall give written notice (“Dispute Notice”) to the other Partner of a dispute and outline in reasonable detail the relevant information concerning the dispute. Within thirty (30) days following receipt of the Dispute Notice, the Partners’ Chief Administrative Officers shall meet and attempt to resolve the dispute.
 - a. If no satisfactory resolution can be found, the Intermunicipal Relations Committee shall meet and attempt to resolve the dispute through discussion and negotiation.
 - b. If the Intermunicipal Relations Committee is unable to agree upon a satisfactory resolution, the dispute will be referred to the Partners’ Municipal Councils.
- 8) If the dispute is not resolved within ninety (90) days of the Dispute Notice being issued, the negotiation shall be deemed to have failed.
- 9) If the Partners cannot resolve the dispute through negotiation within the prescribed time period, then the dispute shall be referred to mediation.
- 10) Either Partner shall be entitled to provide the other Partner with a written notice (“Mediation Notice”) specifying:
 - a. The subject matters remaining in dispute, and the details of the matters in dispute that are to be mediated; and
 - b. The nomination of an individual to act as the mediator.
- 11) The Partners shall, within thirty (30) days of the Mediation Notice, jointly nominate or agree upon a mediator.
- 12) Where a mediator is appointed, the Partners shall submit in writing their dispute to the mediator and afford the mediator access to all records, documents, and information the mediators may reasonably request. The Partners shall meet with the mediator at such reasonable times as may be required and shall, through the intervention of the mediator, negotiate in good faith to resolve their dispute.
- 13) All proceedings involving a mediator are agreed to be without prejudice and the fees and expenses of the mediator and the cost of the facilities required for mediation shall be shared equally between the Partners.
- 14) In the event that:
 - a. The Partners do not agree on the appointment of a mediator within thirty (30) days of the Mediation Notice; or
 - b. The mediation is not completed within ninety (90) days after the appointment of the mediator; or
 - c. The dispute has not been resolved within one hundred twenty (120) days from the date of receipt of the Mediation Notice; either Partner may by notice to the other withdraw from the mediation process and in such event the dispute shall be deemed to have failed to be resolved by mediation.

- 15) If mediation fails to resolve the dispute, the dispute shall be submitted to binding arbitration. Either of the Partners may provide the other Partner with written notice (“Arbitration Notice”) specifying:
 - a. the subject matters remaining in dispute and the details of the matters in dispute that are to be arbitrated; and
 - b. the nomination of an individual to act as the arbitrator.
- 16) The process of Arbitration is laid out in Appendix 3 to this ICF, and is titled ‘Rules of Arbitral Procedure’.
- 17) Within thirty (30) days following receipt of the Arbitration Notice, the other Partner shall, by written notice, advise as to which matters stated in the Arbitration Notice it accepts and disagrees with, advise whether it agrees with the resolution of the disputed items by arbitration, and advise whether it agrees with the arbitrator selected by the initiating Partner or provide the name of one arbitrator nominated by that other Partner.
- 18) The Partners shall, within sixty (60) days of the Arbitration Notice, jointly nominate or agree upon an arbitrator.
- 19) Should the Partners fail to agree on a single arbitrator within the prescribed time period, then either Partner may apply to a Justice of the Court of Queen’s Bench of Alberta to have the arbitrator appointed.
- 20) The terms of reference for arbitration shall be those areas of dispute referred to in the Arbitration Notice and the receiving Partner’s response thereto.
- 21) The Alberta Arbitration Act (RSA 2000, Chapter A-43 as amended from time to time) in force shall apply to arbitration proceedings commenced pursuant to this Framework.
- 22) The arbitrator shall proceed to hear the dispute within ninety (90) days of being appointed and proceed to render a written decision concerning the dispute forthwith.
- 23) The arbitrator’s decision is final and binding upon the Partners subject only a Partner’s right to seek judicial review by the Court of Queen’s Bench on a question of jurisdiction.
- 24) If the Partners do not mutually agree on the procedure to be followed, the arbitrator may proceed to conduct the arbitration on the basis of documents or may hold hearings for the presentation of evidence and for oral argument.
- 25) Subject to the arbitrator’s discretion, hearings held for the presentation of evidence and for argument are open to the public.
- 26) If the arbitrator establishes that hearings are open to the public in Section 20, the arbitrator, as their sole discretion, may solicit written submissions. If the arbitrator requests written submissions, they must be considered in the decision.
- 27) The fees and expenses of the arbitrator and the cost of the facilities required for arbitration shall be shared equally between the Partners.
- 28) On conclusion of the arbitration and issuance of an order, the arbitrator must proceed to compile a record of the arbitration and give a copy of the record to each of the Partners

APPENDIX 2 – AGREEMENT REVIEW PRIORITIES

Table of Intermunicipal Agreements for 2020 ICF Process

This table serves as an overview of the full list of current agreements in the pages that follow. These sets of agreements are divided into three groups:

1. Existing agreements that the ICF Steering Committee has indicated a desire to review as part of an intermunicipal review process.
2. Existing agreements that require no review as part of the ICF process, or agreements that have expired. These agreements are not being reviewed at the moment.

1) Existing Agreements – For Review

These agreements are listed by relative priority. The priority is based on the expiry date of the agreement and the profile of the topic covered by the agreement.

Priority is relative, which is why they are listed as priorities 1,2, and 3 rather than seeing the entire table ranked numerically.

- Priority 1: Agreement to be revised or updated by December 2020

2) Potential Areas for New Agreements

These are topic areas that the partner municipalities may choose to discuss and upon which they may desire to reach an agreement.

Priority has not been set for these potential areas of agreement because no formal discussion has taken place. Using the same priority setting criteria for the table above, a proposal for priority is included below based on the order in which these topics appear. The highest priority is the first topic area, with the relatively lowest priority being the fourth topic area.

As a proxy for priority, a column for decision date has been added. This is the date by which the partners could either conclude an agreement or by which they decide not to proceed.

Topic	Decision Date	Service Category	Parties	Comments
Transit	December 2020	Transportation	City, County	Existing informal agreement provides County residents with access to City-operated transit service, however, historically there has very little use by County residents. This agreement may need to be re-visited in light of historic usage data.
Road Maintenance on Mutual Roads	December 2020	Public Works	City, County	Potential mutual benefit to establish criteria for shared maintenance responsibilities for roadways, the use of which is important to both the County and the City.
Storm Water Management	December 2021	Water and Wastewater	City, County	Both the City and the County have a responsibility to manage their stormwater management systems. In recent years there has been an increase in the intensity of rainfall events to the extent that rainfall may have exceeded the design capacity of some of these systems. If this trend continues, the municipalities may wish to consider modifying some of their stormwater management systems. However, the County and City systems do not operate in isolation of each other. Some stormwater that originates in the County's area of jurisdiction flows into the City's jurisdiction, just as some stormwater flows from the City to the County. As such, the City and County, along with any other affected local authorities, will explore jointly developing a Master Drainage Plan for the drainage area that contains the City and surrounding portions of the County.

Topic	Decision Date	Service Category	Parties	Comments
Library / Archives	December 2022	Corporate Services	City, County	<p>City would like to add this to the ICF discussion. The future of an archive building is uncertain.</p> <p>A formal agreement addressing a shared facility/program for archiving of official and historic documents may be beneficial to both the City and County.</p>

3) Existing or Expired Agreements – No Activity Expected

These are agreements that have either expired, from which one or more partners have withdrawn, or about which the partners have indicated there is no action required under the 2020 ICF process.
