- Site Plan:** Must include the legal description, property dimensions, location of the development showing the setbacks to all property lines, and site access.
 - *Note:* Setbacks are the perpendicular distance from a property line or other feature to a building or structure.
 - *Note:* You may refer to the FAQ section on the Planning and Development page of the County website for guidance on using the [County Interactive Map](#) to determine property dimensions and measure distances from structures to property lines.

- Variance Request Form:** If applicable.

Please refer to Section 10.6 of the Land Use Bylaw 2024/66 for any additional information that may be required by a Development Officer.

You will be contacted by the Planning Development Department if further details are needed.
